Patio Doors

Life Engineered.

Patio Doors

01_ Aluminium

Aluminium is the preferred choice for Architects when they need strong, slim profiles with exceptional engineering properties.

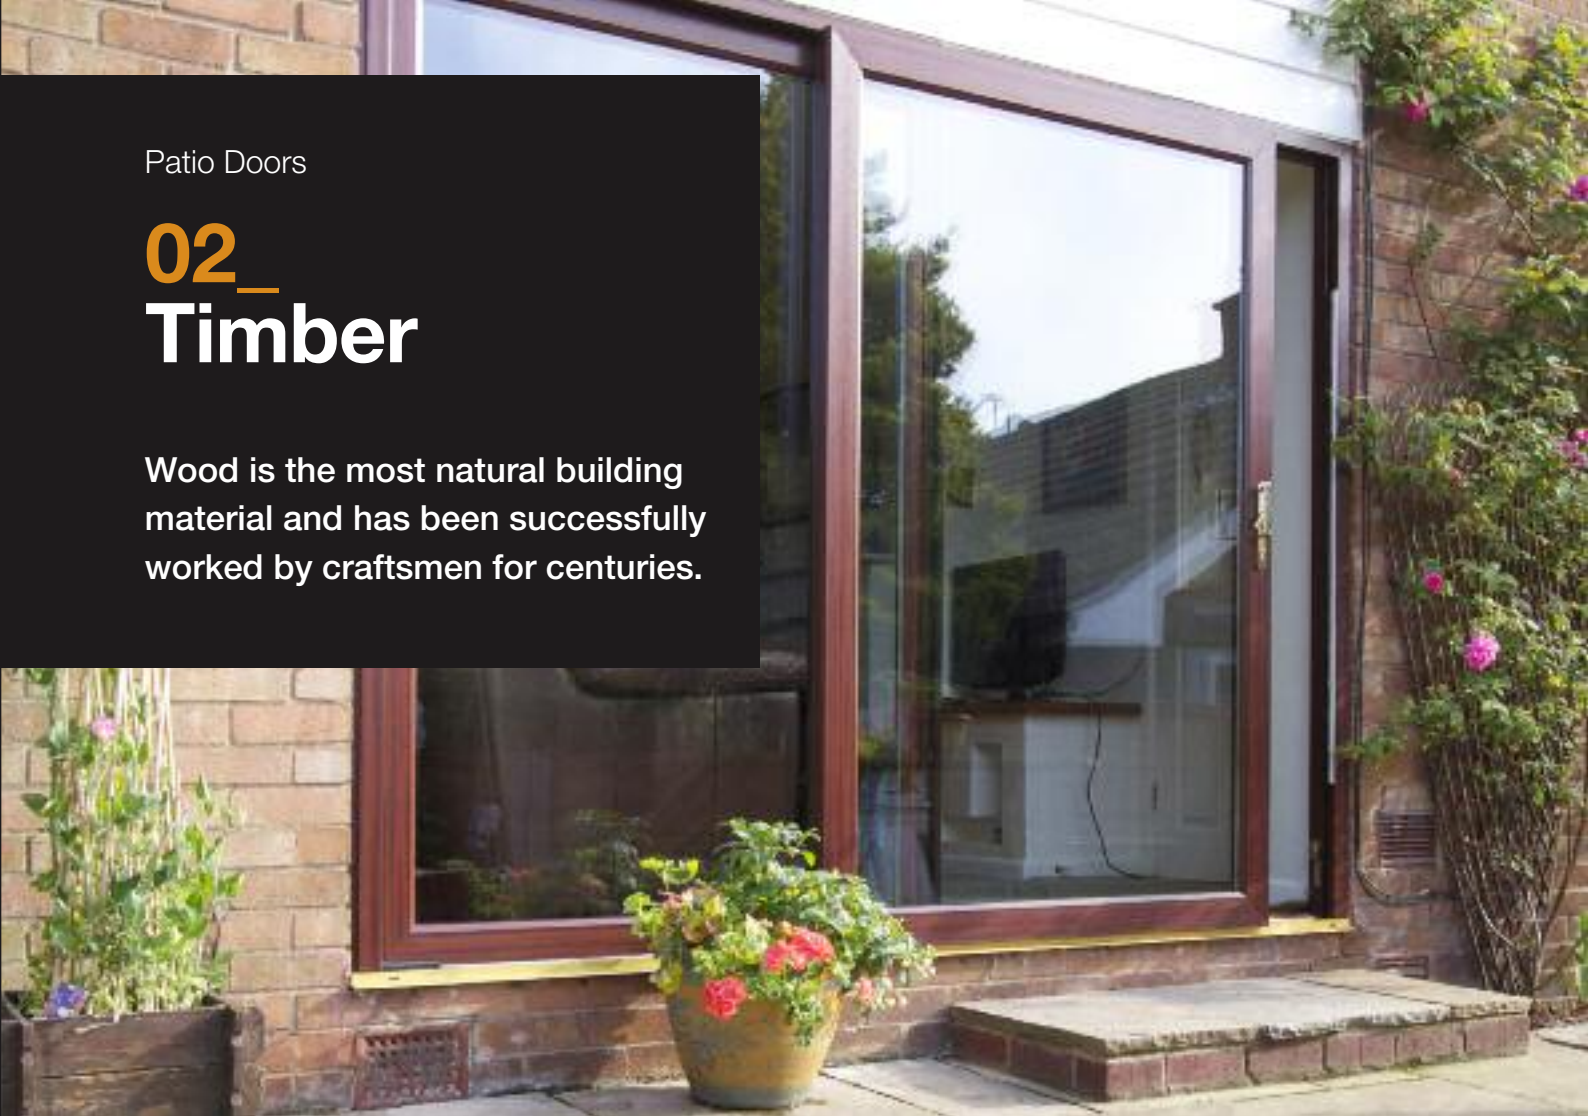

- All doors are made bespoke to your design
- Exceptional engineering properties
- Twin Track and Triple Track options
- Available in any RAL colour or dual colours
- 25 year warranty on Marine Grade paint
- Unique colour-matched handles
- Slim, strong frames allow more light into your property
- Thermally efficient due to polyamide insulating barrier
- Patio doors up to 17 metres wide x 3 metres high

Strong, slim, secure.

Patio Doors

02_ Timber

Wood is the most natural building material and has been successfully worked by craftsmen for centuries.

- Every doorset is made to your specification
- The oldest and most beautiful building material
- Available in a wide range of stains and paints, including Farrow and Ball
- Choice of sustainable hardwood, softwood or the only guaranteed timber; Accoya
- All timber products are hand crafted in our Cheshire workshop by time-served joiners

Nature in harmony with technology.

Patio Doors

03_ PVCu Timber Alternative

Timber alternative patio doors are made from durable PVCu and are virtually maintenance free.

- Made to measure for your property
- Ultra-low maintenance PVCu materials
- Hi-security locking systems for enhanced safety
- Wide range of wood foils and paint finishes
- Choice of thresholds including mobility access
- Midrail and letterbox option for porches
- Excellent thermal values and high performance glazing
- Super PVCu patio door capable of spanning 6 metres with only 2 sashes

- Patio Doors
- Bifolding Doors
- Box Sash Windows
